Also Offer: Off Site Video/Camera Monitoring

Most businesses these days have some type of camera system (if you don't then we really need to talk!) We recognize that you cannot sit around all day and watch your cameras so we will do it for you for a small monthly fee! We will also do a pre-approved response should anything appear out of the norm. Call us for more details!!

We offer a full line of technological solutions

Such as:

CCTV Systems—A full line of cameras and other related equipment.

ID Badge system identification of all staff as well as visitors if necessary. IDs are designed and printed internally. Plastic credit card type. Bar-coded & magnetic striped if needed.

Time and Attendance System utilizing the ID card as well as biometrics so that only the employee personally can punch in. This system can be tied into the payroll system for printing of time sheets or for direct input into the calculation of the payroll by the program.

Inventory/Sales system for managing storerooms or consumables whether being sold or only issued. Perfect for a grocery store.

Biometric Systems as a means of unique identification that is fed into a database and can be remotely accessed via the internet. This can work as an addition to an existing database.

Database Systems tailored to your specification and needs.
